INDIAN PARTICLE ACCELERATOR SCHOOL (INPAS)

September 15-20, 2025

The Indian Particle Accelerator School (InPAS) is being launched for the first time as an initiative to build expertise and foster collaboration in the field of particle accelerators.

Organized at BARC, Mumbai, this one-week intensive school focussed on *RF Linear Accelerators* will bring together students, young researchers, and professionals from across the country for in-depth lectures and hands-on training from leading experts in accelerator science and technology.

Key Highlights:-

- **Fundamentals and advanced topics in linear particle accelerator physics.**
- **Lectures by eminent scientists and engineers from premier DAE and DST institutions.**
- **Interactive sessions and panel discussions.**
- **Exposure to real-world accelerator facilities and programs.**
- **Networking opportunities among the Indian accelerator community.**

Whether you are beginning your journey in accelerator science or seeking to deepen your understanding, InPAS 2025 offers a unique platform to learn, connect, and contribute.

Who can apply?

- **PhD Scholars**
- **Early career scientists and engineers from R&D labs**
